Best Practices 2022-23

Best Practices-1

CCRRE stands for care, cure, respect and recreational environment.

Objective:

1. To develop new green area whenever possible around the playground.
2. To reduce the percentage of pollution in the campus
3. To follow 3 R i. e. Refuse, Reuse and Recycle in the institute.
4. To preserve the existing greenery in the college campus.
5. To promote environmental awareness among all the stakeholders of the institution and the society, at large.

Context:

1. In today's world of science and innovation, where populace and contamination have gone past control; there's most extreme got to get it require of our blue planet, protect it and revive it for survival of long-standing time eras and human race, as such.
2. We all are mindful of different unsafe impacts and issues confronted by our environment due to destructive human exercises.
3. We all Conservative and examine about it but do not take that much efforts to understand it, make others aware of it and the most important do anything to effectively participate do anything to preserve and enhance it.
4. In this way, it is required that we need to be committed not because it were to discussion and conversation approximately. These masters allocate the work to the educates and understudies by making fundamental bunches as per the prerequisites and course and / or planning them in like way.

Evidence of Success:

1. Tree organized at various locations on campus, tree plantation drives have yielded reports indicating the close to 95% survival of plants in excellent condition, representing a significant and commendable success rate.
2. To promote the Natural Ranbhaji , the college organized "Ranbhaji Mohotsav".
3. To aware the Student, department took an initiative to arranged Guest lectures regarding environment.
4. Everyone feels happy, calm and pleasant in green campus.

Best Practices-2

Youth leadership and Community development through NSS

Objective:

1. To grasp the community they work in.
2. To gain a better understanding of themselves and their community.
3. To determine the needs and problems of the community and involve them in the process of solving them.
4. The aim is to create among themselves a sense of social and civic responsibility.

Context:

The third aspect of education is the extension activity. In addition to enhancing their academic, social, and personal lives, NSS participants can provide services to their society and country. Through these extensions, the college gives the students a chance to engage in real-world activities and develop into responsible Indian citizens.

The Practice:

Every year, the college hosts a variety of outreach programmes, the main goal of which is to help students develop their personalities through community service. Our institute faculty members and NSS students were taking part in an awareness campaign and provided various forms of demonstration in relation to an awareness project to encourage the community like health checkup camp, voter awareness etc. It's also critical that local residents' children complete their education and have access to an inclusive, encouraging atmosphere in which to do so.

Evidence of successes:

- Every year NSS organize seven days camp nearby village.
- Organized social awareness programmes.
- One of the student selected for NSS parade at Mumbai
- Organized state level NSS Camp
- Participation of students in youth festival- Yuvarag of the RTM, Nagpur University, Nagpur

Participation in National Voters Awareness Program

Participation in YURAG

NSS Day Celebration & Felicitation of Student for Selection in State level NSS Parade.
