Dear Sir,

It gives me immense pleasure to invite you as a guest speaker on behalf of the Vidya Vikas Arts, Commerce and Science College, Samudrapur. We are conducting a Seven days Faculty Development Programme (FDP) on “**Innovations in Teaching and Research**” to equip faculties of various college and students pursuing research with the necessary knowledge to work in labs. We would appreciate it if you address this gathering so they can benefit from your knowledge and experience. The FDP will be held during 1-7, June 2022, between 11:00 am to 1:00 pm. The lectures will be conducted in online mode by keeping into account the pandemic situation. We will be much obliged by your presence at the FDP. Kindly confirm your availability as soon as possible. Looking forward to hearing from you.

REPORT
Seven – Days
Online Faculty Development Programme
(1st -7th June 2022)

Vidya Vikas Arts, Commerce & Science College, Samudrapur, Dist. Wardha (Maharashtra) in collaboration with Shree Shivaji Arts, Commerce & Science College, Rajura, Dist. Chandrapur (Maharashtra) organized One Week Online Faculty Development Program On “Innovations in Teaching – Learning and Research” on dated 1 – 7 June, 2022.

Day 1

The seven days FDP started on 1st June 2022 with inaugural Session at 11a.m. Guest of honour was **Dr. Rampal Tandon**, Professor and Former Head ,Department of Physics & Astrophysics. University of Delhi, Delhi and chaired by Dr.K.G. Rewatkar Principal VVC Samudrapur . Dr. S. M. Warkad , Principal SSC Rajura, Dr. N. Shirbhate (Vice-Principal VVC). Dr. R. R. Kherani (Vice-Principal SSC), Mr. S. R. Sarve (IQAC-coordinator), Dr.M. Reddy (IQAC-coordinator), Dr. S.W. Samdurkar (Convener) and Dr. C. Bhongade (Convener). The **Convener Dr. Shilpa Samdurkar** addressed the gathering and mentioned the objective to conduct the Faculty Development Programme. Also stated rules and regulations of this FDP. In this Programme more than 350 participants registered their name from different states and various disciplines like Engineering, Science, Commerce, Management, Economics etc. across from india and out of the india. Respected, **Principal VVC, Dr. K. G. Rewatkar** welcomed to the keynote speaker, all invited eminent experts and all the participants. He briefed about the various skills and advanced technology in teaching – learning process as well as research area. Respected Principal SSC Dr. S.M. Warkad delivered the welcome speech and gave best wishes for the success of FDP . Dr.R. Kherani introduced the honourable Key-note speaker : Professor **Dr. Rampal Tandon** who inaugurated the event and focused on his presentation on the topic “**Innovations in Teaching, Skill development and their impact on world development**”and inspired the participants to acquire the advance skills to servive in this academic field. Also told an opportunities for better future. Later on the second speaker respected Dr. **Dr. V. Nanoti**, Director (Engineering) LTJSS , Priyadarshini Group of Institutions, Nagpur introduced by Dr. Naina Shirbhate. Nanoti Sir discussed on “**Power of Research and Innovation**”, where we can create our identity as a researcher. Also he told to give the students such a platform like Knowledge center to come out their new ideas.Then Ms. Roshani Pathekar concluded the session followed by vote of thanks to one and all , with the request to fill up the feedback form of respective sessions on the provided link on telegram group. In this way the day 1 schedule was over here.

Welcome speech by Dr. K. G. Rewatkar

INVENTION
VERSUS
INNOVATION

Invention is a novel product, device, process, or concept

Requires knowledge, competence, and financial aid

Examples: invention of the printing press, electricity, telephone, etc.

Innovation is the introduction of a newer and better solution that meet new requirements of existing market needs

Requires knowledge, competence, and financial aid

Requires technical knowledge, competence, knowledge about market needs, trends, and financial support

Examples: introduction of the iPhone-tablet, flat screen TV, etc.

INNOVATION

- Innovation can be defined simply as a "new idea, device or method". However, innovation is often also viewed as the application of better solutions that meet new requirements, unarticulated needs, or existing market needs.

Day 3

Respected Dr. D.P. Kothari, Director of Research, S.B. Jain Institute of Technology, Management and Research, Nagpur was the expert in session -1 of Day 4, introduced by Dr.C. Bhongade, Assistant Professor , Department of Mathematics, SSC. He spoke on the topic “ Energy and environment problems facing the third world and their probable solutions for sustainable development and poverty allevation”. This Talk briefly discussed some important energy problems facing third world countries and presents the current electric generation scenario in most of the developing countries with facts and figures in respect to india. The presenter shared some of his personal experience to overcome the problem of power shortage and how renewable energy sources play a key role in achieving “Energy for all”. In the Session -2, Dr. Mallesh Reddy, IQAC –Coordinator, Assistant Professor, Department of Botany read out the introduction of **Dr. Ajit Kumar Mahapatro**, Professor, Dept of Physics and Astrophysics, University of Delhi, Delhi. He presented his views on “Importance of Research and Innovations in Teaching-Learning for Healthy Progress of Human Society” which showed that the power of innovating education and educating in innovation means the power of digital technologies and skills. Digital technologies have a profound impact on economics and societies and are changing the way we work, communicate, engage in social activities and also drive innovation in many different spheres of life. At the end of the session Dr. Reddy proposed the vote of thanks.

Day-5

Dr. T.D Pravin Kumar, Principal Shree Dharmaguru B. Ed College, Bangaluru was an expert in the first session of Day-5. The IQAC- coordinator Mr. Sadanand Sarve , Assistant Professor, Department of Physics, VVC took an initiative to introduce the speaker in front of the all who presented his speech on “Mobile Applications for Teaching and Learning”. He realised to the participants that e-learning mobile apps are getting popular day by day and that is due to its uniqueness of making learning fun for students, visiting the library and selecting books, data collection is no more a challenge. The session-2 started with **Dr. Rajshree Jotania**, Department of Physics, Electronics and Space Science, University School of Sciences of Gujarat University ,Ahmedabad, Gujarat introduced by Ms.Roshani Pathekar, Department of Mathematics, VVC. The speaker gave presentation on “ Magnetic Oxides: Synthesis, Characterizations and Applications”. She told us the methods for the preparation of iron oxide NPs, size and morphology control, and magnetic properties with recent bioengineering, commercial, and industrial applications. Also gave an information that Iron oxides exhibit great potential in the fields of life sciences such as biomedicine, agriculture, and environment. Magnetic NPs can also be directed to an organ, tissue, or tumor using an external magnetic field for hyperthermic treatment of patients. Then the session was concluded by vote of thanks.

Day-6

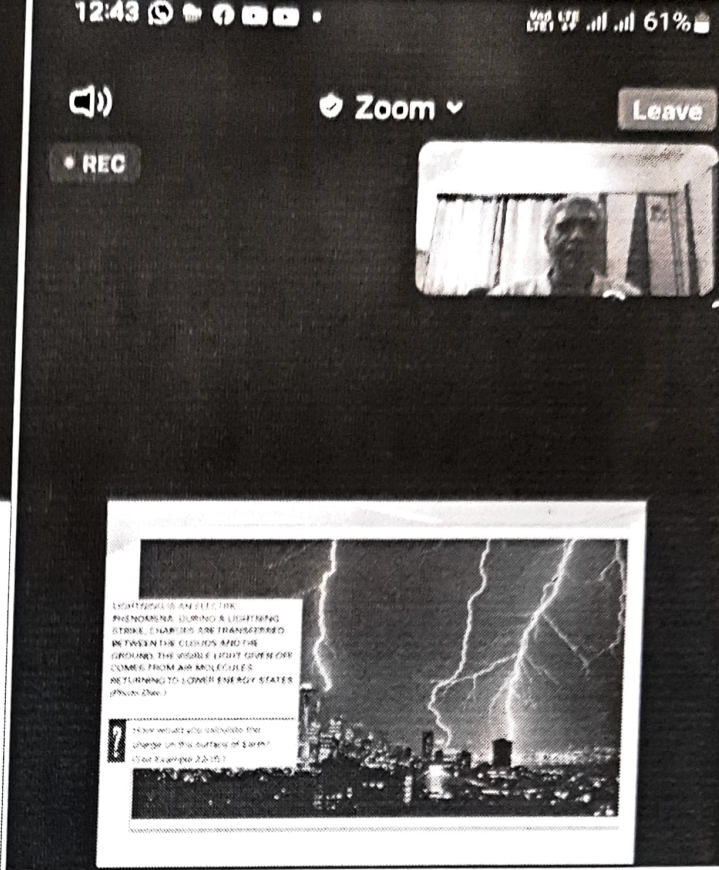

Day-6 was opened by Dr. A. M. Bhende, Assistant Professor, Department of Zoology, VVC who had enlightened the success in academics of the speaker **Dr. Rachana Patil**, Associate Professor, Welinger Institute of Management, Development and Research. The expert presented her ppt on the topic “Pedagogical Tools to make learning interesting, interactive and engaging for the students”. She showed that updated 2020 version is intended to offer new angles and resources to readers and inspire new approaches. As the literature documenting examples of success in online learning during the pandemic emerges, new contributions will appear on teachonline. Changes in society, student expectations, and technology were already motivating university and college faculty and instructors to rethink pedagogy and teaching methods before the pandemic. The next session opened with the eminent speaker **Dr, Sanjay Jain**, Head Priyadarshini Knowledge Center, Nagpur who had awarded us on “Knowledge Center- A holistic initiative for learning beyond marks and degrees” which is a need of today's era. Ms.Suvarna Nalge, Assistant Professor, Department of English, SSC read out the speaker of session 2. The expert motivated towards thoughtful education. He told us that there should be the fundamental change in education in this century which calls for concerted actions to teach human values and social skills most necessary for learners to be a complete person. Also Committed and persistent efforts are urgently needed to cultivate the positive values and social skills and the ethical foundations upon which such skills and knowledge must be based. After the vote of thanks, the session was over .

Day-7

In the last day , the session-1 started with the well-known speaker **Dr. G. BalaSubramani** Principal Scientist (Biotech), ICAR- Central Institute of Cotton Research , Nagpur. Mr Ganesh Bele, Assistant Professor, Department of English VVC introduced the expert who delivered his talk on “ CRISPR Cas9 Technology Principles and Applications”. His PPT included the definition of CRISPR- Cas9 which has been used in a growing number of monocot and dicot plant species to enhance tolerance to biotic and abiotic stresses, among other applications, the CRISPR-Cas9 system consists of a programmable Cas9 nuclease and a synthetic short guide RNA etc. Then Dr. Swati Yeotkar, Assistant Professor, Department of Botany VVC got the privilege to introduce the second eminent expert **Dr. S. B. Kishor**, Assistant Professor, Head Dept of Computer Science and Center of Higher learning and Research, Sardar Patel Mahavidyalaya, Chandrapur who focused effectively on “Writing a Research E-Report: The Techniques” so that participants can achieve better future in their academics. He suggested to avoid long sections of introductory or explanatory material and also guided on experimental design and specific hypothesis , appropriate background information, significance of the anticipated results and all important minor directions.
