

VIDYA VIKAS SHIKSHAN SANSTHA, HINGANGHIA

VIDYA VIKAS ART'S, COMMERCE & SCIENCE COLLEGE,
SAMUDRAPUR, DIST. WARDHA 442305 (M.S.)
(Affiliated to Rashtrasant Tukdoji Maharaj Nagpur University, Nagpur.)

NAAC Reaccredited B++ (CGPA: 2.8)

Programme Report

- **Name of Program / Event:** Guest Lecture for Life Science Students
- **Name of the Organizing Department:** P.G. Dept. of Botany and Zoology
- **Date, Venue, Time/ Duration:** 16th February 2024 at Vidya Vikas College, Samudrapur in P.G. Botany Lab at 11:00 – 02:00 PM
- **Number of participated students/ faculty members/ research scholar/ Lab Attendants:-** 45+
- **Teaching Faculty:-** Rahul Pawar, Ankita Thakare, Vaibhav Kalambe and Nikita Deotale.
- **Name of the speaker / guest:** Dr. Rahul Permane.
- **Introduction of the event:**
Provide an overview of the interdisciplinary field of life sciences, emphasizing its importance in understanding living organisms and their environments. Highlight fundamental concepts in both botany and zoology, including taxonomy, physiology, ecology, and genetics. Discuss recent breakthroughs and advancements in life sciences, showcasing how they impact both botanical and zoological studies. Explore the practical applications of life sciences in fields such as agriculture, biotechnology, pharmaceuticals, and medicine. Incorporate interactive sessions and case studies to engage students actively, allowing them to apply theoretical knowledge to real-world scenarios.

Objective of the event:

- 1) **Career Opportunities:** Provide insights into various career paths available to M.Sc. graduates in botany and zoology, including research, academia, industry, and environmental consultancy.
- 2) **Ethical Considerations and Responsible Conduct:** Address the importance of ethical conduct in scientific research and the responsibility of scientists in promoting sustainability and ethical practices.

- 3) **Conclusion and Call to Action:** Summarize key takeaways from the lecture and inspire students to pursue further studies and research in life sciences, encouraging them to contribute meaningfully to the field.
- 4) **Networking and Collaboration:** To facilitate networking opportunities between students and the guest lecturer, encouraging collaboration and knowledge exchange within the scientific community.
- 5) **Q&A Session:** Allocate time for a question-and-answer session, allowing students to clarify doubts and seek further explanations on topics discussed during the lecture.
