- **Name of the speaker / guest** : **Dr. Nayana S. Shirbhate**
- **Present Dignitaries** : Dr. K.G. Rewatkar, Dr. M.S. Ambatkar, Dr. A.M. Bhende,
Mr. Vaibhav D. Kalambe and Miss. Nikita Deotale

- **Introduction of the event:**

World Animal Day is celebrated every year on October 4th to raise awareness about the importance of animals in our lives and to promote their welfare. The day coincides with the feast day of St. Francis of Assisi, the patron saint of animals, and is observed globally with a variety of events aimed at advocating for better treatment of animals, conservation efforts, and protecting endangered species. Many animals around the world suffer due to cruelty, exploitation, and neglect. This day emphasizes the need to care for and protect animals from harm, and it inspires legislative changes to ensure their well-being. World Animal Day helps to educate people about the critical role animals play in ecosystems, agriculture, companionship, and even cultural practices. It highlights how human activities impact animals and ecosystems, promoting a more sustainable coexistence.

Objective of the event:

- The objectives of World Animal Day are multifaceted and encompass a wide range of goals, including:
 1. **Encourage Sustainable and Ethical Practices:** Inspire individuals, businesses, and governments to adopt humane and sustainable practices in industries like farming, fashion, entertainment, and science.
 2. **Advocate for Legal Protection:** Push for stronger animal rights and legal frameworks that prevent animal abuse, exploitation, and extinction. This includes lobbying for laws that protect endangered species and regulate industries that involve animals.

3. **Support Conservation Efforts:** Highlight the importance of conserving biodiversity and preserving habitats to protect endangered species and ecosystems for future generations.
4. **Inspire Action and Volunteerism:** Encourage individuals and communities to get involved through volunteer work, donations, and participation in animal welfare campaigns and events.
5. **Raise Awareness on Animal Issues:** The primary goal is to educate the public about the many issues animals face, such as cruelty, habitat loss, climate change, and exploitation.
